

**TXTA TRUCK SAFETY CONTEST**

**Contest Rules:**

- Company must be a member of TXTA.
- Contest winners will be determined by lowest Accident Frequency Rate in each mileage classification for the year 2023. The formula for determining Accident Frequency is:
 

$$\frac{\text{Number of accidents} \times 1,000,000}{\text{Vehicle miles}}$$
- Only those accidents required by DOT to be recordable as defined in Title 49, Code of Federal Regulations, Section 390.5 will be counted in determining a company's Accident Frequency Rate. **Accidents that have been ruled non-preventable through FMCSA's Crash Preventability Determination Program do not need to be counted. Final ruling must have been made by contest deadline date, March 1, 2024.**
- For TXTA member carriers operating interstate, contest figures should only reflect the mileage and accidents occurring in Texas.
- Companies may submit entry forms for different operating divisions within their company but may not enter additional cities within the same operating division.
- Winners in each Mileage Classification will be audited by a TXTA Safety Management Council Representative.
- Supporting documentation must be provided. Supporting documentation should include items such as IFTA reports, accident registers, SMS scores, etc...

**Please complete the information below and return to the TXTA Offices, Attn: Safety Dept., P.O. Box 6429, Austin, Texas 78762, or email to [lance@texastrucking.com](mailto:lance@texastrucking.com). Contest applications must be returned to TXTA by March 1, 2024. Winners will be announced during the TXTA Annual Conference, July 31-August 2, at the La Cantera Resort and Spa in San Antonio, Texas. Winners must have a representative present to accept award.**
