87th Texas Legislative Session

Our Commitment

Ensuring Texans Know
Trucking Delivers
Critical Goods Safely

88

percent

of the nearly 65,000 trucking companies in Texas are small businesses—the economy runs on the back of trucks

3.5

million heroes

are driving trucks during the coronavirus pandemic, working overtime to keep the supply chain moving

82

percent

of Texas communities depend exclusively on trucks to move their goods, while 1 in 15 jobs in the state come from the trucking industry

Our Success

Curtail Rising Premiums
by Combating Nuclear
and Inflated Verdicts

the scheme

plaintiff lawyers and unscrupulous medical providers partner to side-step insurance based medical rates

the cost

several massive judgments and a litigation vortex that encourages more lawsuits—insurance premiums skyrocket and cost of goods and services increase

the result

HB 19, authored by Rep. Jeff Leach and sponsored by Sen. Larry Taylor, brings fairness back to commercial vehicle litigation and became law September 1, 2021
