

# TXTA Member Benefits

## Exclusive Member Access

TXTA members enjoy exclusive online access—register for events, or search for members by name, city or type of business. TXTA membership includes members-only rates for safety and maintenance conferences, webinars and classes, Motor Vehicle Reports (MVRs) and special pricing on custom log books.

## Industry Experts and Legislative Representation

TXTA advances the interests of trucking companies operating in Texas through regulatory and legislative advocacy at the local, state and national levels. TXTA TruckPAC is an essential tool and staff has decades of advocacy prowess—our experts are just a phone call away.

## Annual Conference

Each summer, trucking executives from throughout the state gather for the TXTA Annual Conference, featuring a unique opportunity for networking with industry peers, outstanding educational sessions and renowned speakers.

## TXTA University

TXTA University offers the best online repository of trucking knowledge anywhere. Our training videos cover the entire range of state and federal regulatory issues governing the trucking industry as well as safety training. TXTA works closely with the Texas Department of Motor Vehicles (TxDMV), Texas Department of Public Safety (TxDPS) and Federal Motor Carrier Safety Administration (FMCSA) to ensure our training and testing materials are always up to date. TXTA members have exclusive access to this expertise and every member who wants to be trained and certified has every opportunity to do so.

## Publications

Members receive and have the opportunity to advertise in the award-winning magazine, *The Steering Wheel*, and a bi-weekly executive summary of breaking news, TruckADVISOR.

## Discounted Products & Services

It pays to join TXTA! TXTA has partnered with companies to provide valuable discounted products and services that translate into bottom-line savings for your company. Visit our Partnerships Page for a detailed list of discounted products and services available to members.

## Compliance Products

All the items drivers need to meet federal and state regulatory guidelines, including log books, inspection reports, accident kits, hazmat guides and more are available at member discounted prices. TXTA also produces custom logbooks available at substantial volume discounts.

## TXTA Foundation

TXTA Foundation is a non-profit educational, public relations, research and community service organization that promotes the trucking industry throughout Texas. Each year the foundation awards thousands of dollars in scholarships to college, trade and technical school students affiliated with TXTA member companies, and is dedicated to building a long-term funding source for our industry's education programs.

## Safety and Maintenance

Each year, TXTA presents safety and maintenance conferences. Designed specifically for safety and maintenance professionals, the conferences are some of the largest and highest quality by any state trucking association. Working with the University of North Texas, TXTA provides continuing education and certification programs in the areas of safety and maintenance.

## Awards and Competitions

TXTA member companies and their drivers and technicians are eligible to participate in the state truck driving and technician championships. Winners can advance to the national championships conducted each August and September. TXTA also presents awards in the fields of leadership, safety, service and maintenance.

### **CFDS Safety Solutions**

Commercial Fleet Data Systems, LLC (CFDS) is a safety and compliance management solution for multimode, “flexible service” carriers. CFDS tools have been developed using industry standard operating procedures with a firm knowledge of FMCSA standards and regulations. CFDS readily interfaces with other software and systems as needed by TXTA members and serves as a stable, open environment for data sharing and communications. Whether you’re a sole proprietor or part of a team, running a few trucks or a few hundred, CFDS has solutions that can help improve your safety operations and your bottom line!

### **Drivers Legal Plan®**

Drivers Legal Plan® recognizes unnecessary traffic convictions have a deep and detrimental effect on their companies’ safety profiles and driver retention records. The concept is simple: make the highest quality legal representation available to the driver force and make it affordable. That makes Drivers Legal Plan the effective alternative to the insurance/referral agencies that charge drivers substantial and commission-laden premiums, yet deliver inconsistent counsel.

### **Fleet Shield**

Fleet Shield is a Texas-based technology provider specializing in the trucking industry. Fleet Shield boasts 6-second hold times for customer service, free product customization and exclusive pricing for TXTA members! Think of Fleet Shield’s Electronic Logging Device (ELD) as a tractor pulling a trailer of integrated dispatch, maintenance, routing, camera and compliance software. Fleet Shield offers TXTA members discounts on hardware and ELD services, as well as other Fleet Shield products and services.

### **J.J. Keller & Associates**

J. J. Keller is the trusted source for DOT/transportation, OSHA/workplace safety, human resources, and hazardous materials regulation compliance products and services. J. J. ### Overhaul

Overhaul is an intelligence-driven, risk management and real-time supply chain visibility technology for global shippers and logistics providers. Overhaul also provides TruckShield, an easy-to-use risk management app for North American trucking to help protect professional drivers and the freight they're hauling. TruckShield bridges the gap between driver safety, freight security and insurance to minimize loss and improve insurance relationships.

### PrePass and PrePass Plus

Save time, fuel and money with PrePass and PrePass Plus! TXTA members get their first month's bypasses free when they enroll as a new customer through TXTA. PrePass is the most utilized weigh station bypassing service in North America, with more than 400 operational weigh station sites in 40 states and British Columbia. Texas deploys PrePass at multiple inspection sites. PrePass Plus provides electronic toll payments on over 40 tolled facilities in 22 states, including those operated by TxDOT, North Texas Tolling Authority and Harris County Tolling Authority.

### SH 130 Concession Company

SH 130 Concession Company operates and maintains the 41-mile southern segments of State Highway 130, the congestion-free alternative to I-35 between San Antonio and Austin. The company is now offering to develop customized rebate programs for TXTA members with potential toll savings based on their travel and operations in Central Texas. SH 130 Concession Company has also launched a rewards program—FLY 130—where drivers can earn rewards just for driving on SH 130 South between I-10 and Austin. For a more in-depth overview about the programs SH 130 offers, please visit [mysh130.com/home/commercial/](http://mysh130.com/home/commercial/).
