

TXTA ELC

Class of 2024

Networking

Attend exclusive ELC activities and social events during TXTA Annual Conference, TXTA Board Meetings (February/November) and Trucking and Moving Day at the Capitol during Legislative years. ELC members participate in TXTA's Call on Washington.

Education

Hear from titans of the industry, economic experts and political gurus—past speakers have included representatives from the Texas Legislature, YETI, American Trucking Associations, Texas Department of Public Safety, FMCSA and TXTA leadership.

Community

Give back by raising funds for TruckPAC and TXTA Foundation, organizing Christmas toy drives benefiting Toys for Tots and the TriCounty Toy Run, hosting Texas Truck Driver Appreciation Week. ELC participates in community outreach and education events throughout Texas.

ABOUT ELC

In 1932, Texas Trucking Association was founded to protect the collective interest of the trucking industry and is dedicated to educating members and equipping them with essential tools to operate successful businesses. To further that commitment, in 2013 TXTA created the Emerging Leaders Council (ELC)—promoting the next generation of industry leaders. ELC provides an opportunity for members to network and learn through interactive trainings and immersive advocacy experiences ensuring that the industry has a strong leadership base to call on. Previous ELC classes have included executives, business owners, sales teams, financial analysts and a variety of other trucking positions within the industry.

RETURN ON INVESTMENT

The ELC is comprised of up-and-coming leaders from TXTA and SMA member companies. During the ELC class term, members develop business relationships and friendships, increase their knowledge of trucking, legislative, regulatory and political issues, as well as establish themselves as future leaders within the association.

NOMINATIONS

Nominations for the ELC Class of 2024 will be accepted through May 15 and accepted nominees will be notified in June. Nominations are reviewed by current and past ELC officers, TXTA chairman and TXTA president and CEO. Membership will be capped at 25 members with a limited number of positions available for allied members. The ratio of carrier to allied members should remain 60:40 or greater in favor of carrier members.

The ELC membership fee is \$350 per year (\$700 total). This membership fee helps to offset the cost of guest speakers as well as group outings and meals. ELC members are required to attend at least four of six annual meetings to maintain membership status. ELC graduates may continue to attend all ELC meetings and social outings, but will not be able to vote in ELC officer elections, nor will they be required to attend a minimum number of meetings.

The Class of 2024 will be announced during the TXTA Annual Conference, July 26–29, 2022, at the Horseshoe Bay Resort. ELC members will meet as a group during annual conference.

To submit a nomination, email the completed application, professional resume and letter of recommendation to Kimberly Leggett kimberly@texastrucking.com

The **TXTA Emerging Leaders Council** works to identify and cultivate the next generation of transportation leaders in Texas through professional development and peer networking opportunities
